## Our History

We've been in the steel business for three generations. My grandfather, Walter F. Mueller, owned a small sheet metal shop and hardware store in Moulton, Texas, during the Great Depression. With the help of his two sons—my father, Harold, and my uncle, James—the family grew the enterprise into a great West Texas success story: Mueller Supply Co.

It was not an easy go. My dad remembers times when the family was so poor they ate “everything but the squeal” when they butchered a hog.

Fortunately, the Muellers knew how to work hard and find success in unlikely opportunities. When they discovered they could buy bent salvage rebar and angles at low prices, they invented a machine to straighten them out for resale. Hard work and unorthodox thinking allowed them to consistently make “a silk purse out of a sow’s ear.”

My dad and uncle sold Mueller Supply Co. in 1984, the year after I started my own business, Mueller Metals, LLC. We sell and trade steel worldwide. Mueller Metals recently was named one of the largest U.S. importers of Mexican light-walled square and rectangular tubing.

In 2007, Mueller Metals opened Spring Creek™ Products, a division dedicated to delivering our steel customers an economical line of farm and ranch-related gate hinges, latches, fencing products, safety products, welding supplies, industrial hardware, ornamental items, tie-down accessories, and our Total Cut® Pipe Guides. We constantly add quality, low-cost, proven winners to our warehouse in Wall, Texas.

We appreciate your business and work hard in the Mueller tradition to earn it every day.

*Fred Mueller*

- Made of carbon steel for easy welding
- Less expensive than cast steel
- Resists cracking associated with similar cast iron products
- Preformed saddle fits perfectly every time saving hours of cutting and welding labor
- \*The 90 degree end slips over standard size pipes of any wall thickness and the saddle is shaped to fit perfectly against the mating pipe forming a perfect Tee every time.
- \*Pipe can be left unwelded at one end to allow for expansion and contraction in extreme weather over long distances
- \*Pipe can be left unwelded at both ends allowing the horizontal pipe to act as a hinge over waterways
- \*Slot can be turned down to allow for drainage
- \*Horizontal pipes don't have to be cut accurately as the saddles allow for a large tolerance on the length

# Hand Forged Rustic Hardware

If these doors could talk, the stories they could tell!

Many of these doors are over 500 years old. They all started out new and full of hope. They witnessed history and never gave up their secrets.

This inspired us to search the globe for artists that still fabricate metal hardware one unique handcrafted piece at a time using methods that date back to the Iron Age.

Start your story and who knows what your doors will see in the next 500 years!

# HORSE STALL CHANNELS

CREATE YOUR OWN SPECIAL LOOK FOR A FRACTION OF THE PRICE OF  
PREBUILT STALLS AND DOORS!

These channels can be easily attached to wood or steel posts using self drilling screws.  
Wood planks slide in between the channels and can be easily added or removed  
to adjust your barrier height.

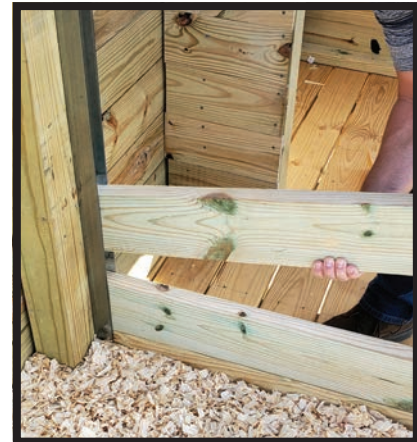

Channel Bracket  
#81065

Full Length Channel

- Suits 2" wooden planks any height (4", 6", 8", etc.)
- Fits perfectly into these inexpensive channels
  - Comes in 6', 8', 10', or 12' lengths
  - Available in bare or galvanized finish

## Horse Stall Channels

Sturdy formed steel channel, 1-5/8" long on all three sides. Can be bolted or welded to most surfaces such as wood, steel, or concrete.

## Terms & Conditions

### Pricing & Product Availability

Product availability varies and is subject to change at any time. Orders will be billed at the time of shipping. Sales may be subject to credit approval.

### Shipping Policy

Free shipping may be available for certain orders and special events. Any free freight offers are for the contiguous 48 states and are subject to change or cancellation at any time.

### Accessorial Charges or Services

Charges made for additional, special, or supplemental services which are normally over and above the line haul services. Inside delivery, residential delivery, sort/segregate, and lift gate are examples of accessorial charges. Deliveries requiring special services such as lift gate, weekend deliveries, call ahead scheduling, and expedited orders may be subject to additional fees.

### Redelivery

If a shipment is undeliverable through no fault of the seller or carrier, additional charges may apply for subsequential or attempted deliveries. Charges will vary based on the policies of the carrier.

### Shipping Claims

Mueller Metals, LLC is not liable for damaged or lost goods once they have left our warehouses. Risk of loss passes to the customer upon delivery of goods to the carrier. We will try to assist you with any claims you may have with a carrier within reason. We suggest you proceed with any claims by keeping detailed information including freight bills, shortages, photos of damage, or any other anomaly which you are claiming against the carrier.

### Sales Tax

Mueller Metals, LLC may charge sales taxes for merchandise depending on the address of your company, end user or reseller status, as well as the address of your payment source or delivery address, and as per state resale tax rules.

### Returns

Return requests for damaged material or errors must be pre-approved, processed, and returned to our warehouse within 60 days of the original invoice date. Additional information including photographs may be necessary for approval. A minimum restocking fee of 20% applies to all non-defective items which are returned, providing the goods are returned in the same condition as they were shipped. Return shipping fees for non-defective items are the responsibility of the sender. Shipping costs for pre-approved returns will be covered by Mueller Metals, LLC using the carrier of our choice. Please contact your sales rep prior to returning any goods for any reason. Goods returned for reasons other than defects may be subject to restocking fees and additional charges at the discretion of Mueller Metals, LLC. Goods that have been used, installed, modified, improperly stored, or handled may not qualify for refunds.
